

CY-FOSC-051 Fiber Access Terminal Box

Description:

CY-FOSC-051 is designed to seal without screws. The compact size and flip-overcover bring easy operation as well as complete function. It integrates fiber splicing, splitting, distribution, storage and cable connection in one solid protection box.

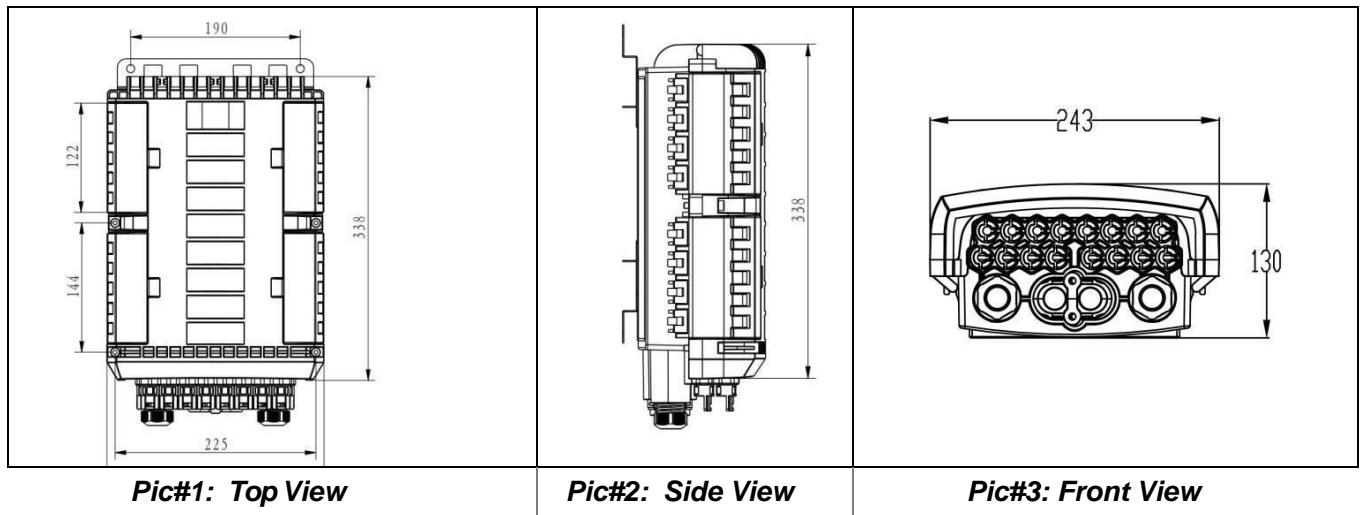

Features:

- The body is made of high-quality engineering plastic with good strength;
 - The box can be opened easily and has good water-proof performance, suitable for outdoor natural environments (refer to Pic#4);
 - With the independent rubber sealing plug for drop cable, better waterproof performance (refer to Pic#5);
 - With independent design, the box can be installed and maintained easily, the fusion and termination are completely separated (refer to Pic#6);
 - The splice tray can be installed 2 pcs of 1*8 tube splitter (refer to Pic#7);
-

Specification

Model No.	CY-FOSC-051	Color	Black
Capacity	16cores	Protection Level	IP68
Material	PP + Glass Fiber	Flame retardant performance	Non-flame retardant
Dimension (L*W*D, mm)	380*243*130	Capacity:	Can be with 2 * 1:8 tube splitter or splice 48 optical fibers

Dimension (mm)
